

## Industrial Read / Write Devices SIL-1510

- special RFID long range reader for rough industrial environment
- reading distance up to 75 cm with ISO-card tag (depending on antenna area)
- 1 control output
- 1 status output
- tested by EN 300 330; EN 301 489-1,-3; EN 602950 and EN 50364 in combination with SAT-A4-LR-P-125 kHz, SAT-A6-LR-P-125 kHz

### Technical Data:

Dimensions: (l x w x h )	(420 x 200 x 120) mm
Power supply:	100 V - 240 V AC (50 Hz - 60 Hz +/-5%)
Power consumption:	< 20 W
Transmit frequency:	125 kHz or 134,2 kHz
Antennas:	SAT-A4-LR-P-125 kHz customer specific antennas available
Transponders:	V4150 /Titan (read only mode), EM4100, EM4002 (Unique), Hitag S, ISO 11745/5 FDX-B, EM4205/4305 on request
Interface:	RS-232 USB Ethernet as option
Housing:	Protective system / Protective class: IP 65 (EN 60529) / I (IEC1010-1/VDE041)
Operating temperature:	-15°C to +65°C

### Order Information:

SIL-1510

Order-No.:230.1510
